p. 2 infra

2. The report accompanying the estimate explains the nature of, and necessity for, the work proposed.

3. The work, if approved, will be carried out by the Public Works Department and the cost met from the lump sum grant for Police Minor Works in the Civil Works Budget for 1941-1942.

I have the honour to be,
Sir,
Your most obedient servant,

Report to accompany the estimate for providing a sink for the Police Sub Inspector's quarters at Siruguppa.

Amount of estimate. Rs 65/-

Item No.42 in the Register of Public Buildings.
Capital cost - Rs 3277/-

The Sullage water coming from the bathroom and the latrine of Sub-Inspector's quarters at Siruguppa is at present let out without proper arrangement either to lead it away from the house or otherwise. This causes considerable nuisance and much inconvenience is felt by the occupants for want of proper arrangement for the disposal of the sullage water. Hence it is proposed to construct a sink pit into which the sullage water would be collected and allowed to soak into the ground and the estimate provides for construction of a soak pit as per sketch enclosed. The whole estimate amount goes to increase the c.c. of the building.
